

UNIT HEATERS

Leading the Industry
Since 1920

REZNOR®

When you choose Reznor®, you get more than a unit heater. You get the industry’s finest quality system backed by an outstanding warranty and assurance backed by 130+ years of heating expertise. and invention. Innovating is the Reznor way. Our engineering team developed the industry’s first harsh environment unit heaters and high-efficiency condensing unit heaters. Reznor continues advancing the state-of-the-art by introducing multi-voltage electric unit heaters that can utilize renewable, sustainable electricity to heat your space and your workshop passion. Reznor innovation is bringing homeowners, building occupants, and business owner’s comfort, peace of mind, cost-effective heating solutions. Contractors get heating products that are designed to be faster, easier, and safer to install or service leading to more sales and satisfied customers.

FASTER AND SAFER INSTALLATION & SERVICE

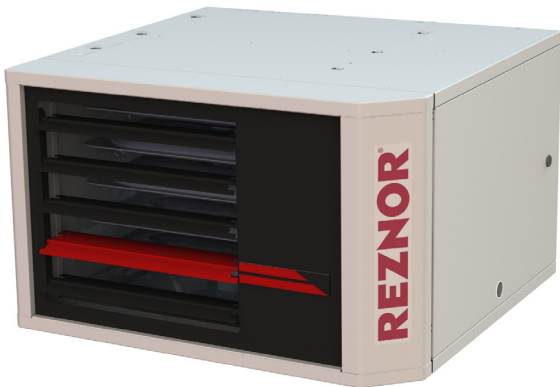

- Single burner combustion system
- External terminal strip for 24-volt thermostat wiring
- Fast service and install with external connections and easy access service door
- Safety enhanced with hidden sheet metal edges and tethered removable service door
- Optional integrated downturn nozzle and integrated vertical louvers

MAXIMIZE COMFORT MINIMIZE DOWNTIME

- Quick-glance external status light alerts when service required
- Error code display for quick and easy troubleshooting
- Multiple thermostat and control options tailor the install to customer’s desires

ATTRACTIVE APPEARANCE

- Two-tone black and white glossy, scratch-resistant paint scheme
- Sleek, modern appliance grade appearance
- Tooled rounded vertical corners (30-125 MBH) and edges

UDXC Model

EUH Model

Model	UDXC	UBXC	UEZ	EUH
Thermal Efficiency (%)	82 - 83	82 - 83	91 - 93	100
Fuel	Natural Gas/Propane	Natural Gas/Propane	Natural Gas/Propane	Electric
Axial Propeller Fan	X		X	X
Ductable Blower		X		
Separated Combustion	Field Convertible		X	
Heating Range (MBH)	30 - 400	30 - 400	55 - 310	10-103 (3-30 kW)

INDUSTRY-LEADING LINEUP

GAS-FIRED

High-Efficiency UEZ

- 7 sizes from 55,000 to 310,000 Btu/h for optimized cost and capacity
- Up to 93% efficiency
- Robustly designed for the rigors of a condensing furnace
- Flow-optimized heat exchanger for peak performance
- Sealed control compartment houses all electrical components
- All sizes certified for commercial/industrial applications
- Sizes 55, 85, 110 certified for use in residential garages and workshops

UDXC & UBXC

- 14 sizes between 30,000 and 400,000 Btu/h to optimize cost and capacity
- TCOE2® titanium stabilized aluminized steel heat exchanger
- Field convertible to separated combustion using added kit
- Sealed control compartment houses all electrical components
- Vibration/noise isolated fan and venter motors designed for low noise operation
- UDXC sizes 30-400 certified for commercial/industrial applications
- UDXC sizes 30-125 approved for use in residential garages and workshops

Reznor® separated combustion systems use outside air for combustion to enhance space safety by preventing dirt, lint, dust or other contaminants in the indoor atmosphere from being burned.

ELECTRIC

EUH

- 8 sizes from 3 - 30 kW
- Common voltages available
- Sizes 3 - 10 offered with multi-voltage capability
- External thermostat connectivity
- Multi-unit controls options available

BRING ONE HOME

Reznor unit heaters aren't only for industrial and commercial applications. They're also a great solution for home space heating needs. Our units include a transformer for 24-volt controls for easy hookup to a thermostat. Bring the most reliable, cost-effective, warmth and comfort to any garage or workshop with a unit that feels good and looks great too.

Reznor also offers ...

- WS hydronic steam or hot water unit heaters
- EWHB washdown electric unit heater
- EXUB explosion resistant unit heaters for applications with combustibles
- And a variety of other electric heaters including:
 - Portable unit heaters
 - Architectural cabinet heaters
 - Wall-mounted heaters
 - Ceiling-mounted heaters
 - Wash-down stainless steel heaters

MORE THAN UNIT HEATERS

Our unit heaters are second to none, but that's not all we're focused on. Reznor offers a complete line of HVAC solutions to meet all your heating, cooling, and makeup air needs. Explore our complete product line on ReznorHVAC.com.
